

Head of Quality & QP

Reach your career goals with Eirgen Pharma, your future could be here

Would you like to be part of a company that has the courage, innovation, and capability to improve and enhance patient lives across the globe?

Eirgen was founded in 2005 and since then we have continually grown and now employ over 180 employees at our site in Waterford. Our strengths lie in our capability to rapidly introduce new products and add additional volume to existing products - ensuring supply for new product launches and expanding market opportunities.

What makes us different is that while we continue to grow our business we have still maintained that small company feel to our culture which enables us to ensure that our employees are always front and centre in everything we do. By creating a progressive and dynamic working environment, where hard work and enjoyment aren't mutually exclusive, we have created a high performing, people-centric culture which allows us to work in an environment where the focus is always on ensuring that the patient comes first.

About the Job

You will lead and manage the strategic and operational performance of the Quality & Regulatory Department and ideally also carry out the role of the Qualified Person.

Your areas of responsibility will include:

Senior Leadership :

- Participate as part of Campus Senior Leadership team in effective running of the business
- Along with Head of Quality at OPKO Health Miami to be responsible for Corporate Quality oversight at OPKO Health and its subsidiaries
- Drive Communication, Company Culture, Vision & values, Goals and Corporate interface
- Financial governance - oversee the preparation and management of department budgets to timelines, anticipating resources and allocations required
- Maintain and communicate site performance metrics
- Provide leadership, drive technology and delivery strategy
- Ensure performance, guidance and coaching is managed
- Participate in senior leadership meetings and Tiered Meetings, including presenting on work and facilitating discussion with the senior team on a regular basis

QP Batch disposition:

- Certification as Qualified Person (Q.P.) and batch release as defined in Article 51 of Directive 2001/83/EC or Article 55 of Directive 2001/82/EC of sterile and non-sterile Human and veterinary clinical and medicinal bulk and packaged product

Functional Responsibilities

- Responsibility for the oversight of all Quality Assurance, Quality Systems & Quality Control for the company.
- SOPs, Annual reviews, Quality Agreements, License Database, and Dossier management Regulatory strategy for Eirgen/OPKO products and in collaboration with co-development partners where applicable

About you

You have strong technical expertise and a proven track record as a strategic and collaborative leader at senior management level. Qualified to a minimum of primary degree in a scientific or engineering discipline with Quality Management you possess a Post Graduate Diploma or Masters ideally in Pharmaceutical Technology/Quality Systems. Qualified Person capability is also a requirement.

You have at least 10 years' pharmaceutical experience, preferably within the Quality Systems and Quality Assurance field of medicinal product manufacture, while Qualified Person capability is very advantageous. Experience with pharmaceutical packaging, oversight of Contract Manufacturing and Contract Development Manufacturing Organisations is preferable.

You possess knowledge of EU and FDA cGMPs, guidelines and also best practices have a good compliance record and experience preparing, facilitating and hosting regulatory inspections and customer audits, while prior experience of electronic document management systems is advantageous along with Project management skills.

You will draw from your many skills such as your ability to influence, form positive collaborative relationships, continuous improvement mindset and problem solving ability.
